

Experience of Mosquito

You were told to become aware of the buzzing of a mosquito which was said to become annoying, and then you were told to brush it off.

How strongly did you feel the sensation of a mosquito being there, in either sound or touch, where 0 means you felt no sensation and 5 means you felt by any means as if there actually was a mosquito there? *

No mosquito 0 1 2 3 4 5 Like a real mosquito
